Measure yourself at your natural waist and fullest hip to find your measurements. This pattern was drafted for someone with an average height of 5'-6". If you are much taller or shorter, or have had to lengthen or shorten patterns in the past, please make a muslin and the appropriate adjustments before cutting out your fabric.

- View A sits just above high hip. View B sits just below natural waist. Because Ginger is drafted to sit a few inches below the natural waist, the *finished* waist measurements will be slightly larger than body measurements in our size chart. Inseam for all sizes is 32" / 81 cm.
- Since these were drafted for use with stretch denim, they have negative ease through the hips and legs.
